CALLAN TRACT ZONING OKAY IS DISPUTED

After more than 45 minutes of debate, councilmen Monday night continued public hearing on zoning the 21-acre Callan parcel bordering old Edgemar road until this Thursday night at 8:30 o'clock.

The wrangling Monday was between representatives of the Callan firm and the attorney for Henry Doelger Builder, Inc.

Frank Rose, attorney for the Callans, asked the council to complete its annexation agreement and grant zoning on the 21-acres. Actually, 16.28 acres are involved, as follows: 3.27 acres for homes on 37 lots, 7.4 acres for 300 apartment units, and 5.6 acres for a shopping center to serve 1000 homes and the apartments.

Arguments over the commercial zoning brought the uproar Monday night.

The Doelger attorney, John Liebsack, challenged the Callan bid for the commercial center, claiming that there was a surplus of commercial establishments in the area—his reference being to the proposed St. Francis Heights shopping center and Doelger's Westlake shopping center.

Rose, however, denied Liebsack's charge that the Hahn-Wise consultants report, paid for by the city, indicated that there was a surplus of commercial zoning.

The Doelger representative said commercial zoning in the Callan area "was premature" and said the city planning commission did not weigh the zoning on its merits. He further stated that the city's long delayed annexation pact with the Callans had nothing to do with the feasibility of commercial zoning.

Liebsack added that the council "has a duty to merchants on Junipero Serra as well as Westlake in considering other commercial applications here."

Councilmen Edward Dennis, Bob St. Clair and Francis Pacelli each took exception to the Doelger representative's remarks opposing the Callan zoning bid.

Dennis said he believed in competitive enterprise and the lowering of the tax structure by encouraging new business here. St. Clair said he thought the planning commission "knew what they were doing." Pacelli hinted that he was dissatisfied with the lack of adequate shopping facilities here.

ASSUMING the distinction of Daly City's "first family" this week are newly appointed City Manager George Watts, his wife, Vivian, and son, Richard. They reside at 23 Northgate avenue in Westlake. Watts, city finance director last year, was appointed manager Monday.

HIS SALARY $12,000

City Finance Chief Tops Field Of Fifty

Former city finance director George W. Watts became Daly City's new chief administrator Monday night by 4-1 vote of councilmen.

Ex-mayor Joseph Verducci cast the lone "no" ballot on Watts, 40, as new city manager, though the councilman said he was satisfied that Watts' work here "has been very efficient."

Watts, who lives at 23 Northgate in Westlake, has been acting city manager since the July resignation of Howard I. Stites. The new city manager—second man to hold the title here—was city controller of Antioch for five years before he came here a year ago.

Watt's salary this fiscal year will remain at $12,000, the amount authorized when he took over the manager's job in July. Stites was salaried at $15,500 per annum.

Verducci's negative vote on Watt's appointment was based, he said, on what he considered "a violation of an agreement of the council."

The former mayor said the council had agreed to select the new manager from one of the top five applicants recommended and interviewed by the State Personnel Board screening committee.

Councilman Edward Dennis denied Verducci's claim that the council had limited itself to the top five in making a choice. "We merely said we would consider the top five," said Dennis. "We believe Watts' record here is indicative of the type of performance we want in a city manager."

Mayor Micheal DeBernardi and Councilman Bob St. Clair backed Dennis in this statement. Pacelli, whose endorsement of Watts represented a reversal from his stand on Stites, made no comment.

Said DeBernardi, "As far as I'm concerned, none of the five recommended by the state has more to offer than George Watts."

Verducci charged that the $1200 spent by the city to pay for the state board's screening service on manager applicants "was a waste of taxpayers money, in view of your action tonight."

"The state agency assumed that you would select one of the five men it recommended," Verducci added. "The council thus spent the money for the service uselessly."

There were approximately 50 applicants for the manager's job. The state interviewed 15, then designated five for personal interviews with the council. Watts was one of the 15 interviewed by the state group.

Watts said he was notified shortly after his interview that the only reason he was not in the top five was because the board felt he did not have any previous experience as a city manager.

A graduate of University of Utah, Watts majored in accounting and business law. He was an accountant for the city of Glendale for five years before moving to Antioch.

The council Monday night did not mention the status of acting city finance director Allen Hertel. Hertel, 36, a veteran of 10 years as a city employee, assumed the finance directorship when Watts took over as interim manager.

NEW ARCHITECTS

Ciampi 'Bypassed' On Four New Schools

Bypassing veteran architect Mario Ciampi, Jefferson Elementary District trustees Monday night interviewed six "new" architects for consideration in awarding contracts on four new schools.

The schools "open" to new architects include Daniel Webster and Christopher Columbus in St. Francis Heights and the two K-6 plants on the Abe Lincoln site in Westlake Unit 10, east of Skyline below Westmoor High school.

Ciampi, who designed Olympia, Westlake, Vista Mar, Vista Grande and Westmoor High, already has been given the go-ahead to design the M. Pauline Brown school (St. Francis Heights), Fernando Rivera (Westlake Basin) and the new Gen. Pershing.

In regular session Monday night, trustees authorized negotiations for eight additional lots at the old Gen. Pershing site on Hanover street. This recommendation to expand the old plant was made by the state department of school planning.

The district is well along in negotiations with property owners for the new Pershing site at the county line.

In other main business at Monday's short meeting, the board:

1. Awarded to Bayside Paving, the low bidder, $7720 contract for installing two drainage lines at slope from abandoned Bullis property on Bullis drive to Vista Mar school. Other bidder, Hart & Hynding, who designed Vista Mar, asked $24,746.

2. Approved estimate of $2350 to convert storage room at Crocker school into special education room.

3. Forwarded appraisal price on Tozo property adjoining Jefferson school to district attorney for opinion. The district intends to buy the property in order to expand the school.

4. Authorized 11 district principals to attend Bay Section meeting of California Elementary School Administrators Association, November 8 and 9 in Santa Rosa.

5. Delegated Mrs. Margery Yates, primary consultant for the district, to attend California School Supervisors Association meet in San Francisco, November 4 to 7.

6. Authorized Dennis Huajardo, district physical education coordinator, to attend PE and Community Recreation Conference at Asilomar, November 2 and 3.

7. Accepted resignation of Ruth Johnson, Olympia teacher, and hired as replacement Elenore Jones. Miss Johnson left to get married.

8. Designated October 23 meeting for presentation of salary schedule provisions for principals, consultants and coordinators. On November 6 the board will discuss the teachers' handbook and classroom staff salary provisions, as well as collated policies of the district.

Verducci Asks Report On 'Outside' Jobs

Councilman Joseph Verducci Monday night asked a study on the city's 109 employees to see how many of them are working on other jobs and if they are being paid enough here.

The council instructed City Manager George Watts to prepare a report on the inquiry.

Verducci said he has been informed that some city employees are working at other jobs—"some of these as long as eight hours a day."

"I'd like to find out how many are involved and what they are doing," he said.

Arrest Motorist After He Barely Misses Two Cops

Deryle W. Lewis, 29, a San Francisco machinist, was arrested for drunken driving Monday night after his weaving sedan almost ran down two Daly City policemen who were investigating a two-car accident on Skyline.

Officers Jim Bergstrom and Jim Sunderland, checking a crash 500 yards north of Westridge, had difficulty halting Lewis' auto. The machinist flunked both roadside and hospital sobriety tests.

He was released on $500 bond and is due in municipal court next week.

PUBLIC UTILITIES COMMISSION NIXES NEW BUS COMPANY

Public Utilities Commission this week turned down the application of the Coast Transit Corporation to operate three bus routes—one of which would start at Westview and go through Westlake to Stonestown.

Public hearing on the application filed by Murrell R. Anderson, Pacifica grocer, was held last month in Sharp Park. Protesting the new operation were representatives of the Pacifica and Northgate Transit companies and Mayor Jean Fassler of Pacifica.

The commission held that the Coast Transit company's routes were "economically unfeasible" and said the applicant "possesses neither the necessary experience nor financial ability."

OFF JUNIPERO SERRA

Dennis, Callan Plea For JC Site Here

Daly City councilmen made a last ditch move Monday night to ask junior college trustees to select a site in the Christen lands west of Junipero Serra boulevard for the north county junior college campus.

The motion, passed 4-0, was aired by Councilman Edward Dennis, who served on the north county site committee. Dennis and Supervisor Tom Callan of Colma were expected to plead the Daly City council resolution before school trustees.

The JC board of trustees last week, however, virtually selected the Liebman property in San Bruno, west of Skyline near Sharp Park road, for the northern school.

Dennis said Monday the Christen site was the second choice of the northern site committee which studied 12 sites from Daly City to Millbrae.

The councilman said the Liebman site in San Bruno was located "too close to the SF county jail and the weather there is the worst on the Peninsula."

He said selection of the Christen property would mean "a boom to Daly City and will help meet heavy educational needs here."

Councilman Joseph Verducci abstained in the voting since he is a member of the San Francisco State College faculty.

Demos' County Registration Edge Is 12,600

The Democrat party holds a registration margin of 12,593 over the Republicans in San Mateo County for the November 4 general election.

County Clerk John Bruning today listed total county registration as 102,457 Demos and 89,864 Republicans. The Demos had a 9518 edge in county registration for the June primary, 94,919 to 85,401.

Daly City registration numbers 10,946 Democrats and 5526 Republicans—almost a 2-1 edge for the Demos. In Pacifica, the Democrats hold a 5550 to 2111 margin.

Brisbane has 1047 registered Democrats and 278 GOP voters. The Demos lead in Bayshore, 947 to 63, and in Colma, 103 to 87.

10,000 Women Lead County's 'Crusade' Drive

The power of a woman is not to be under-estimated as will be shown by the residential division campaign of the United Crusade which begins this week in San Mateo county.

Nearly 10,000 women will be responsible for raising $218,342, almost one third of the total goal for the county. These women are your neighbors who will be earnestly canvassing their blocks to receive your donations.

Kick-off koffee klatches were held at all neighborhood chairmen's homes on Monday morning with a specially televised instruction film being shown. All volunteers were issued campaign materials and immediately began solicitation.

Last year the residential division was over the top of its goal, with the Daly City-Colma area leading in contributions. This year the quota is 13.5 per cent more than last, so a concentrated effort must be made so as to maintain the past standards of the 25 agencies which the United Crusade helps to support.

COUNTY PUSHES DALY CITY ON FOOD ORDINANCE

City Attorney Paul Hupf is drafting an ordinance for council consideration to comply with the county's request for standardized food ordinance enforcement in its 15 Peninsula municipalities.

Daly City, San Carlos, Burlingame, Millbrae and Pacifica are the only cities on the Peninsula which lack ordinances in keeping with the county ordinance for the unincorporated areas.

E. R. Stallings, county manager, said that unless these five cities adopt food ordinances by this December, the county ordinance would be repealed "in order to be fair to the citizens in the ordinance areas."

Biggest objection to the county plan is that permits and licenses for church and social dinner affairs, cake sales, etc., would be weighed and issued by the county.

Workers are killed more often in accidents off the job than on, according to the National Safety Council. It says 31,800 workers die annually of the job as compared with 14,200 on-the-job accidental deaths.

Vets' Official Tells Pension Specifications

No veterans' pension based solely on age is authorized for veterans of World War I, World War II, or the Korean conflict, J. Glenn Corbitt, manager of the Veterans Administration Regional Office in San Francisco, said today in answer to numerous queries.

However, Corbitt said, pensions may be granted veterans of World War I, World War II or the Korean conflict who are permanently disabled from non-service-connected causes.

Corbitt pointed out that such veterans must have been discharged under other than dishonorable conditions after at least 90 days' active service. However, service of 90 days is not required if the veteran was discharged for disability incurred in line of duty.

"Non-service-connected disability pension to a World War I, World War II, or a Korean veteran," Corbitt emphasized, "is payable only if the veteran's other income does not exceed $1400 if single, or $2700 if he has a wife or minor child."

The monthly pension rate is $66.15. The rate is increased to $78.75 after 10 years or when the permanently and totally disabled veteran reaches the age of 65, Corbitt added.

New Manager... Good Choice

The council Monday night elevated George W. Watts, former finance director, to the job of city manager—the second in Daly City's history.

Watts' promotion to the key post in municipal government was a tribute to his record, accomplishments and his potential.

It is regretful that a unanimous vote was not registered in his behalf. But the council majority, this time 4-1 and not 3-2, fully believe they have selected the best man of the 50 who applied for the post.

Watts, who put the city's finance department back on its feet, is a stickler for detail, economy and efficiency. At the same time, he has the type of personality that employees respect in management.

Harmony in city government, sadly lacking the past three years, appears to have been restored.

We think the council was wise in choosing Watts, who deserves cooperation and community support in handling a busy and difficult job.

TV and Radio

By Mona Baker

For the youngster who is make up his mind as to what career he would like to follow, television offers a chance to study various jobs policemen, armed services, deep sea diver, doctors, many professions have been dramatized through the medium oftelevision. The latest is the new series based on the rescue squad of the Los Angles Fire Department (KRON-TV, Wed. 6:30pm).

Up from Hollywood for the press preview was Jim Davis, a ruggedly handsome man, extremely well-suited for one of the star roles in the series. Starring in many movie roles including "California Passage" and others, as well as leads in 15 Fireside Threaters, he also starred in one of the first major teleseries,"Stories of the Century".

Extremely conscientious about his work, we found him to be a most genuine person. He told us that his home was in Missouri, and talked about his little daughter "Tara" who is five years old.

We liked the program and believe it is good family television. Such a series is certainly well deserved recognition for the hardworking and sometimes taken for granted men of fire departments all over the country.

Last week, too...another premiere, "Man With A Camera" (KGO-TV, Fri. 9pm), starring Charles Bronson portraying the adventures of a free lance photographer. Certainly there is the potential for exciting drama in such a series and should have great appeal for the many amateur photgraphers.

We hope they will also include some hints and suggestions for better picture taking. We feel the series presents a perfect opportunity to help the amateur photographer take more professional pictures.

Attorney General Edmund G. (Pat) Brown and Senator William F. Knowland will appear as special guests individually on "Candidates and Issues" (KQED, Oct. 21, 9:30pm). The "live" weekly program are being presented under the auspices of the Legue of Women Voters of California and KQED.

Pacifica Panel On Adjustment Aids Many Kids

Laguna Salada School District of Pacifica recently formed the first Youth Adjustment Council at elementary school level in San Mateo County.

Due to the confidential nature of the Council's work, membership is limited to professionally trained people in official positions who work regularly with children. Such personnel represent various county agencies, such as the county sheriff's office, probation field workers, county school superintendent's office, and the probation dependency unit.

Also serving with the council on a periodic basis are public health nurses, the California Highway Patrol California Youth Authority, and the San Mateo County Social Service department.

The council does no case work, nor does it interview children or adults concerned in a particular case. The council weighs each problem and suggests steps to eliminate it.

Basic objectives of the council are the early discovery of behavorial disorders and the consideration of pre-delinquent and delinquent cases.

Among common cases are school truant, curfew violators, probationary children, children "booked' by the police, runaways, "neglected" children, and "gang" members.

The council hopes to review community conditions and recommeno measures to provide broader activities for youth.

County Committee Leads Opposition To Proposition 16

A San Mateo County Committee to spearhead the fight against Proposition 16 on the November 4 ballot was announced today by attorney John A. Cost, San Mateo County Chairman of Citizens United Against Taxing Schools.

San Mateo County Committee members opposing the measure aimed at imposing a discriminatory tax on California's 1,076 non-profit elementary and high schools are: BRISBANE, Samuel M. Mirza; DALY CITY, Rev. Louis C. Marting, Eugene H. O'Donnell, Mrs. Katherine Mullen, Paul M. Hupf; PEDRO VALLEY, Walter A. Henkel.

Cost pointed out San Mateo County's non-profit schools educate 10,079 children at a saving to the county's taxpayers of $3,555,871 a year. In the State, non-profit schools educate 340,000 pupils, saving California taxpayers $118,000,000 a year. Parents of children in non-profit schools pay their full share of public school taxes.

In urging a "no" vote against "this unwise, unjust and uneconomic measure," Cost noted that the proposition "violates the American principle of tax-free education, honored in every state of the Union, including Alaska."

MARKING their 50th wedding anniversary this month are Mr. and Mrs. Emil Zoffke of 158 Monterey street, Brisbane. They have seven children and 19 grandchildren.

Library Head Issues Warning To Teen Idlers

City Librarian Samuel Chandler today asked parents to remind their youngsters that the city library is not a "social gathering place for teenage fun."

Chandler said his staff is bothered and that patrons are much annoyed by the antics of several teenagers.

"The library is a place to read, to write, to think, and to seek information and pleasure from books and periodicals," he reminded. "It is never a pleasure, however, to see the library being used for teenage fun, as a date bureau, or as an extension of the high school gymnasium and study hall."

Chandler said teenagers who are asked to leave the libraries due to misconduct and noise-making will not be allowed to return.

The Town Record

By Roy Hurlbert

Who says morale is bad in Jefferson Elementary School District?

The administration and trustees were treated to a big feed Monday night by the Colma 7-8 school cafeteria staff.

A real friendly gesture, indeed.

This same school board set some sort of a district record later Monday evening. Their regular meeting lasted only 55 minutes.

Gone are the days (daze) of the 2:30 a.m. sessions—which killed off the board and the audience alike.

Some 1200 folks jammed War Memorial Building last weekend for the Golden West Cat Club's second annual championship show.

Tropnies were awarded in 21 divisions. About 225 cats participated. The ones in the cages, we mean.

South City's nonesuch birthday parade Sunday showed what a community can do when it gets down to civic pride.

Daly City's municipal band, led by George Brenner, looked pretty fancy. The mayor, who looks and sings like Sinatra, also beamed. He was riding with Mary Cunningham, Miss Daly City.

Pacifica, out of the diaper stage, is set to celebrate its first anniversary next month. Mayor Jean Fassler wants DC brass to join in the fun.

The two communities have enjoyed nothing but the best cooperation the past few months.

We've been designated keynote speaker in San Jose this Saturday for the sixth annual reunion of the 51st Fighter Interceptor Wing, an outfit with a record in Korea as long as your arm.

Figure the speech won't last long. Action, not words, was the motto of the 51st.

Two young gents with distinguished names recently joined Daly City police ranks as regular officers.

They are J. R. Wetmore and D. C. Bourbin.

No jokes, if you please.

WHY...

RELIGIOUS LEADERS SAY 'NO' TO PROPOSITION 18!

The Protestant View...

The position of the California-Nevada annual conference of The Methodist Church is expressed in the following resolution:

"We concur with the position taken by the General Board of Social and Economic Relations in our church and the National Council of Churches of Christ in America in opposition to legislation outlawing the union shop.

"We are opposed to legislation either requiring or prohibiting the union shop. The proposed "right to work" initiative intended for submission to California voters gives no one the right to work. . . .

"We believe that it is consistent with democratic and Christian principles for the responsible representatives of management and labor to determine by collective bargaining the type of contract under which they will operate."

THE REV. RALPH YORK, Minister
Woodside Road Community
Methodist Church,
Redwood City.

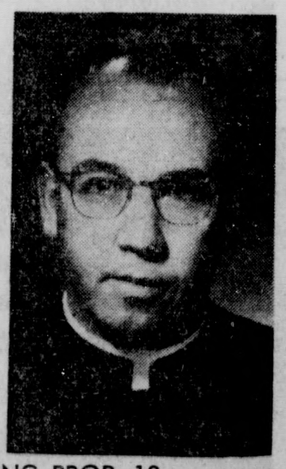
The Jewish View...

"The Board of Rabbis of Northern California goes on record as opposing the proposed "Right to Work" legislation as being contrary to the best interests of the people of our State and contrary to the spirit of the Jewish tradition which we teach." . . . San Francisco, March, 1958.

"I would like to add this pronouncement of our Rabbinical Board my conviction that the so-called "Right to Work" law would tend to destroy the effectiveness of Unions.

"If each laborer would have to bargain for himself, labor could not possibly be equal with management at the bargaining table. It was only through the emergence of organized labor in the United States that true dignity was given to the laboring man and protection and economic security afforded him and his family."

SANFORD E. ROSEN, Rabbi,
Peninsula Temple Beth-El,
San Mateo.



The Catholic View...

"The proposed Employer-Employee proposition on the California ballot for November 4, is punitive legislation designed to indirectly undermine the effectiveness of unions in California. Admitting the existence of certain malpractices by some union officials, Proposition 18 is not the method of correcting these abuses.

"The union shop is a legitimate means to be used to protect the unions against the inroads of the non-paying non-union member, who in conjunction with some anti-union employers are constantly striving to shirk their moral responsibility to protect the common good of all employees. All rights are relative and the rights of the individual, the union and the employer must be protected from undue inroads by any one of the three."

THE REV. ANDREW C. BOSS, S. J.,
Director, Labor-Management School,
University of San Francisco.

Vista Mar PTA Meet Attracts More Than 400

Skyhooks were needed to give to all the parents who attended the first meeting of the Vista Mar PTA last week. Over 400 people were greeted by the president, Mrs. Robert St. Clair.

Rev. Downey of St. Martin's Episcopal church gave the invocation, followed by the presentation of the flag by Cub Pack 343. To commemorate United Nations week, the boys displayed flags of the United Nations and each gave a short reading elaborating the significance of the U. N.

Mrs. Grace Woods spoke briefly on the function of the Friends of the Library. Mrs. St. Clair introduced the unit's officers: Miss Marjorie Tobias, honorary vice president; Mmes. Don Davis, vice president; Thomas West, recording secretary; Joseph Elliott, corresponding secretary; Dwight Magnusson, financial secretary; Ronald Celle, treasurer; Alex Spieler, historian; Marshall Hughes, parliamentarian, and Jerome Jacobs, auditor.

To further acquaint the audience with the working staff of the Jefferson Elementary School District, Dr. Vinton Stratton, assistant superintendent, introduced his "guiding hand," Mrs. Stratton; Mrs. H. Z. Weibel, wife and the evening's proxy for the superintendent; Dr. Harkness, coordinator of pupil service; and Mrs. Marjorie Yates and Len Herbst, general curriculum consultants. Dr. Stratton praised the school board and introduced the chairman, Joseph Lewkowitz and his wife, and the newly elected board members, Tom Noonan and Frank Verducci.

In conclusion the executive board members presented the teachers of Vista Mar School with yard sticks as the "golden rulers" to be used—as needed. At present there are 18 teachers on the staff with seven students from San Francisco State college observing classes or practice teaching.

Whist Scheduled

Hillcrest Circle 143, Order of Druids, will present a whist party next Monday night, starting at 8:30 o'clock, at Eagles Hall.

DON'T LET THIS HAPPEN TO YOU!

Who wants to be stuck for a NEW STATE SALES TAX ON FOOD? Or new and higher taxes on Gasoline? Or a new State tax on Homes?

Nobody—of course!

Yet State officials, business economists and tax experts agree that these are the almost certain results of passage of Proposition No. 17—the Monkey Wrench Tax Bill on the November 4 ballot.

No. 17 is called the Monkey Wrench Tax Bill because it would wreck the machinery of State government by its irresponsible tax tinkering.

By reducing the State's chief source of revenue—the sales tax—No. 17 would imperil appropriations for schools, hospitals, aid to needy children and the aged. By hiking California income tax rates to the highest in the nation, No. 17 would drive business from California and threaten job security.

Who'll pay to put the pieces together again if the Monkey Wrench Tax Bill strikes? Middle and lower income bracket people would pay the most—through new and more burdensome substitute taxes at both the State and local levels. Don't let it happen to you!

These, and hundreds of other responsible California organizations agree:

'Library Friends' Set November Meet At W'moor

Friends Of The Daly City Library, the organization devoted to promoting full use of library facilities, is now formulating plans for a general meeting to be held on November 13 in the library of Westmoor High school.

At a recent meeting of the board of directors, Mrs. Helen Calhoun, president, announced that a newsletter will be sent to all members. This will be a regular feature of Friends Of the Daly City Library, designed to keep them aware of the plans and activities of the group.

With the prospect of a new building to be erected soon on the site selected at Southgate Avenue and Crestwood in Westlake, enthusiasm is running high among the "Friends" who are well aware of the need for these library facilities.

An intensive membership drive is also planned by Friends Of The Daly City Library under the direction of Mrs. Dorothy Barton. It is hoped to recruit new members to the group who will take part in stimulating cultural activities in the community and who are interested in what the library can do toward this end.

Working with Mrs. Barton are the following: Garden Village, Mrs. Edward Macklin; Westlake Palisades, Mrs. Eleanor Worley; Olympia Section, Thomas Penages; Westlake Highlands, Mrs. Willard Barton; Westlake Tracts 1, 2 and 3, Mrs. Rose Franco; Daly City (east of Junipero Serra) Sanford Vickers; Broadmoor, Mrs. Roy Milam.

Safety Council Warns Drivers: Cut Down Speed

Reduced speed is a driver's best bet-in dusk or darkness.

Slow down, because visibility is reduced, warns local chapter of the National Safety Council.

Hours of dusk from 5 to 8 p.m. - are the deadly hours when 19.2 per cent of fatal accidents occur.

"The whole problem of night traffic accidents stem from the fact that darkness hides danger," says Iver C. Larson. "At night your vision is limited by the range of your headlights. The remedy lies in dissipating as much of the darkness as possible and compensating by varios means for the remainder."

Larson suggests these compensating measures:

1 Use driving lights-not parking lights.

2 Switch to low (courtesy) beam when meeting or following other cars.

3 Have your car checked frequently. Inspect your own lights often.

4 Keep a constant lookout for pedestrians and for cars with dim lights or no lights at all.

5 If you must stop, pull off the road completely. Carry warning lights for emergencies.

"Vigilence at all times," Larson adds, "is a prime requisite for the motorist, as well as the pedestrian and the bicyclist. But it assumes greatest importance at night. When fatigue, illness or the effects of drinking slow his reactions, the traveler is in serious trouble."

100 Attend Communion Breakfast

The Westlake Catholic men held their annual Communion Breakfast recently with 100 members in attendance.

After receiving Communion in a body at Our Lady of Mercy church, the group enjoyed breakfast at Joe's of Westlake, where they heard addresses by their pastor, Rev. Richard W. Power, and the principal speaker of the day, Stanley Walsh, San Francisco attorney.

Father Power thanked the men for their efforts in behalf of the school building fund which resulted in the opening of a second first grade this fall, and asked their continued support in the drive to open a complete second school by next September.

In closing, President Bob Wagner commended the men for their spontaneous response at Mass on the occasion of the death of Pope Pius XII. Ninety-five members of the Westlake Catholic Men, of their own volition, attended Mass the morning following the Pontiff's death.

Re-elect Louis Francis

There is considerably more to being an able legislator than the initial problem of being elected. As any amateur paperhanger will be only too glad to tell you, that job consists of knowing what you are going to do after you have purchased paper and paste—and how to do it.

The jobs are analogous in that both legislation and paperhanging offer the tyro sensational possibilities of "gumming up the works."

The cautious householder would not hire an amateur to repaper his home, he should be equally cautious about voting for an inexperienced legislative candidate when an experienced one is willing and anxious to serve.

To make a choice, under such circumstances, is simple if the experienced candidate has a good record. It is even simpler if he has an outstanding record.

This is why The Times' choice for election of an Assemblyman for the Twenty-fifth District has presented no difficulty.

Experienced Assemblyman Louis Francis, who, incidentally, rigorously prepared and educated himself for legislative service before he ever sought the job, has compiled an outstanding record at Sacramento.

Not a mere time-server, he has proved to be a diligent and conscientious law-maker. Exclusive of "spot" bills, he originated or introduced forty-six measures and the assembly concurred with him in the passage of thirty-two of them. This is extraordinary and far outranked the performance of any other new legislator in California during the last biennium.

It is his sub-committee on corporation law that is scrutinizing "pay-as-you-see" television. He is also chairman of the sub-committee studying small boat harbor planning, development and procedures, a subject of immense interest to San Mateo county which has a number of such harbors and is about to have a major small boat harbor through the building of the Pillar Point Breakwater.

His interests have also covered legislative service on such important phases of the state and local economy as aid to the aged, education, water, labor, civil rights, highways and rapid transit. Obviously, all this has required more than ordinary ability and pertinacity of purpose.

It should be stated, for the record, that Assemblyman Francis has been objective in his stand on state legislation, rather than partisan.

The Times feels that he represents the best choice for voters, both Republican and Democrat.

Westmoor Jolts Ailing Jeff Gridders, 13—6

MANY INJURIES

Indians To Battle Hillsdale 11 Next

Jefferson's crippled Indians will try to get back in the puzzling Peninsula League title chase this Friday when they bang helmets here with once-victorious Hillsdale. Contest starts at 3 p.m. on the Jeff gridiron.

Missing six starters Friday, the Tribe dropped its loop opener to red-hot Westmoor, 13-6, before an overflow crowd. The win squared the series between the Daly City elevens. Jeff won last year, 32-12.

Coach Joe McGrath praised his team's second half "revival" against the Rams, who exploded for two decisive first quarter scores. Down 13-0 at the half, the Indians more than held their own the next two periods.

Two miscues—a penalty for clipping and a fumble near the goal line—kept Jeff from overcoming Westmoor.

Jeff's only score came early in the third quarter when halfback Art Banos blocked a Ram kick on the Westmoor 9 and carried the hide into the end zone. Later in the same quarter, Garcia stole a Ram pass and rambled 73 yards to paydirt—but the jaunt was erased by a clipping call.

The Indians marched goalward in the final period only to fall short when Garcia fumbled the ball as he hit the Ram end zone on an off-tackle shot. QB Jerry Kennedy sneaked over for Jeff on the previous play, but an offside penalty ruled out the six points.

Jeff played Friday without the services of starting ends Felix Valdez and Vic Lewkowitz, and halfbacks Bob Lynch and speedster John Margaroni. Tackle Jim Drake broke his collarbone in the scramble. He's out for the season.

McGrath cited linemen Drake, John Dean, Ed Crowley and Bob Aita for their defensive strength in the second half. He also liked the ball carrying of Kennedy and Jim Ahern.

Hillsdale upset favored Burlingame last week, 6-0. The Knights lost two practice games before Friday's surprise.

In other action last week, Capuchino, the defending champ, romped over San Mateo, 20-0.

Rams Seek Second Win Against Mateo

Riding high and confident after upsetting favored Jefferson last week, 13-6, Westmoor High's varsity gridders go after their second Peninsula League win this Friday against San Mateo high. The game starts at 3 p.m. down south.

Coach Pete Matisi's Rams tallied twice in the first quarter Friday to shock Jeff here. The Indians rallied in the second half but fell shy of a tie when a clipping penalty killed a long touchdown run by Pete Garcia.

Booming Bob Roller, Jerry Evans, Bob Dickey and All-Peninsula guard candidate Paul Giomi were outstanding for the Rams last week. The win was Westmoor's first in the league action and gave the Daly City eleven a 1-3 record this season.

Indian Runners Lace Burlingame

Norm Cady's Jefferson cross-country legions swept Burlingame in three divisions last week.

The Indians won the varsity, 26-31; the junior varsity, 16-46, and by default in the frosh-soph race.

This week the Cady's runners meet San Mateo at Westmoor.

Westmoor PTA Firms Holiday Dinner Plans

Mrs. Howard Dunbar and Mrs. E. E. Hanley, general co-chairmen for Westmoor PTA's annual holiday dinner, today announced that plans are complete for the program.

The special affair will be held at Westmoor High School on Saturday, December 6. Dinner will be served from 6 to 7:30 p.m.

Mrs. Dunbar listed the following committee chairmen: Mesdames, Larry Green, tickets Gene Sebastiani, decorative and holiday candles B. W. Pulsifer, hand-crafted can-can covers; Richard Fischel, gift aprons L. Marlowe, Thanksgiving and Xmas corsages; Hanley, center piece decorations (to be sold); R. Dudley, donations, and James M. Cooper, Louis Tealdi and E. W. Chaney, co-chairmen, menu preparation.

Special orders are now being taken by chairmen for holiday gifts. Placements of orders now will insure the purchaser of getting special attention. All special orders must be in not later than November 20.

The holiday dinner program will consist of an attractive menu featuring a choice of ham or meat loaf. Price is $1.25 per plate for adults and 75 cents for children under 12.

A fast-moving basketball game will be on the docket that night for those who want to make an evening of it. The game will be between the Westmoor varsity and faculty.

Westmoor Takes Sports Spotlight Saturday On KIBE

Hillsdale halfback Ron Peters—son of all-time great Polytechnic (SF) High backfield star Vance Peters—visits Warren Wynkoop's Prep Sport Scoop radio show Saturday morning at 11 a.m. on Station KIBE (1220 on the dial).

Wynkoop will salute as his "Game of the Week," the October 31 clash between Westmoor and Burlingame.

Highlights of all the games played Friday and other late league developments will be told on the program.

Last week's guest, tackle Bill Dawson of South San Francisco, predicted that South City would beat Capuchino in the top game of this week, "only if we play 48 minutes of good football."

Lake Merced Scouts Gather For 'Roundup'

Any boy in the Lake Merced District who wants to be a Boy Scout will have a chance to join a Boy Scout Troop in his neighborhood this Saturday when the Scouts will hold a series of "Roundup Rallies."

Nineteen different locations have been selected in the seven for the rallies, which offer boys who are not now Scouts a chance to find out all about the program.

The rallies, to be held from 9:30 a.m. to noon, will feature games, skill competitions and entertainment under the leadership of the District Scout Commissioners, Scoutmasters and entertainment under the District Scout Commissioners, Scoutmasters and Senior Patrol Leaders in the various neighborhoods.

Full cooperation from all local geographic Scout districts school departments has been assured, and prior to the rallies each elementary school and junior high school plan a school rally where Scout representatives will announce the rallies and invite boys to attend.

'Anatomy' Course Enrollment Heavy At Westmoor High

A doubled enrollment in human physiology is evidence of the popularity of this pre-college elective course presented to Westmoor High students. Offered last year for the first time, this course for junior and senior level students is designed to give an intensive study of human anatomy and physiology.

Laboratory experiments and dissections of frogs, rats, and cats make up 40 per cent of the course. Individual microscopic and microprojections will accompany lectures on the body systems.

Carl Kaufeldt, who has taught biology and physiology at Westmoor and Jefferson Hi is the instructor. He is a graduate of San Francisco State College, majoring in biological science, and he holds a master of science degree from the University of San Francisco.

Dr. Nancy Cross Is Candidate For Harbor Commission

Dr. Cross' experience includes work on water pollution control with the American Chemical Society, holding the rank of DuPont Fellow in cemistry, author of research papers and two books, and a member of the full-time faculties of the University of Chicago and New York University.

Mills Gridders Stun Indian Frosh, 20-6

Two long punt runbacks dealt Jeff High's freshman gridders a 20-6 setback here Friday against Mills High in the Peninsula League opener for both elevens.

Coach Bob Watt's Indians drove 55 yards in the first quarter to take a 6-0 edge. Two passes by QB Bob Brush, to Emil Bess and Harry Woolrich, set up the one-yard scoring plunge by fullback Al Cacicedo, Jeff's top performer.

Mills went ahead 7-6 in the second quarter on a 20-yard pass play. The invaders tallied next in the third quarter on a 55-yard punt return. They concluded their scoring with just 15 seconds left via a 20-yard punt runback after Jeff kicked from its own two yard line.

Watt cited the "outstanding" work of center Joe Bollentini, and, in general, the inner line defense of his squad.

Jeff's lineup this Thursday against Burlingame will be Bess and Woolrich at ends, Mario Damato and Jim Parker, tackles; Dennis Matheny and Mike Baron, guards; Bollentini at center, Brush at QB, Cacicedo at full, and halves Dwayne Baswell and Sam Ennon.

Carlmont Defeats Westmoor Runners

Carlmont's cross-country squads won in all three divisions from Westmoor down south last week in a practice meet.

The Rams lost in the varsity, 16-44; the jayvees, 15-42, and in the frosh, 26-29.

Carlmont is rated among Northern California's top cross country powers.

TRIBE FIVES BOTH 3-2 IN LEAGUE RACE

Jeff High's 10's and 20's basketball teams held identical 3-2 records this week as they awaited Peninsula League action against Mills and South San Francisco.

Coach Mike Orlich's touted 10's lost a pair last week, falling to San Mateo, 22-15, and two days later to Hillsdale, 18-17. The Indian 20's conquered SM, 32-22, but lost to Hillsdale, 57-33.

Against SM, Mike Kennedy led the 10's with 8 points. He was benched for the first half against Hillsdale (for a personal foul), during which time the invaders piled up a 17-5 lead. Bobo Johannsen, with 8 points, and Ron Rivera, with 7, carried the load in the closie.

Bobby With was high for Orlich's 20's against San Mateo. He bagged 11 points. Mike Schultz had 14 and With 9 versus Hillsdale.

San Mateo is unbeaten in the 10's race, while Capuchino, with one loss, tops the 20's scramble.
